25X1 1. [] Comment. The present report indicates that most components of the
25X1 23rd AAA Div left their home stations, including units which probably moved
25X1 to the Apetlon AAA Range for combat firing practice. It is unknown whether
25X1 components of the division also moved to summer camps. []

25X1 2. [] Comment. The total number of about 60 AA guns of 37-mm indicates that
25X1 the Apetlon AAA Range was heavily occupied during the second half of 1953.
